

# Immunization Requirements for the 2022 - 2023 School Year

K.A.R. 28-1-20 defines immunizations required for any individual who attends school or a childcare program operated by a school. Below are the requirements for the indicated school year. Please carefully review the requirements. The usual number of doses required are listed; however there are exceptional circumstances that could alter the number of doses a child needs. If you have questions about your child's immunization status, contact your child's primary care provider or local health department.

**Proof of receiving the required immunizations must be provided to the school prior to the student attending the first day of school.**

Meningococcal (MenACWY)	1-2 doses <i>See below:</i>

*Students entering 11th and 12th grade having received no previous dose of MenACWY: One dose is required for school entry and this completes the series.*

*Students entering 11th and 12th grade having received one previous dose of MenACWY, and it has been at least 8 weeks since the first dose: A second dose is required for school entry and this completes the series.*

## Notes

\* Varicella (chickenpox) vaccine is not required if child has had chickenpox disease and disease is documented by a physician signature. Without a physician signature, vaccine is still required even if you believe your child has had chickenpox disease.

\*\*Total doses needed are dependent on vaccine type and child's age when the doses were administered.

\*\*\*Three doses are acceptable if the 3rd dose was given after 4 years of age and there are at least 6 months between the second and third doses.

~ All students in grades 7-12 must have one dose of Tdap regardless of the interval since the last dose of DTaP or Td.

## Additional ACIP RECOMMENDED Vaccines Not Required for School Entry
